A NOTE FROM JENNY

Seasons Greetings, PremieWorld Community! Whew! What a year it has been! Despite a world-wide pandemic, unrest and more, PremieWorld continues to find new ways to reach out and advocate for preemie families.

With this in mind, PremieWorld is excited to announce a special giveaway! We are donating to a lucky NICU, an entire box of Deb's book, *The Premie Parent's Survival Guide to the NICU*. Our hope is that this book will provide the much needed support and guidance to preemie families currently in the NICU. *But, wait! There's more!* We will also be giving away an entire box of the book, *Once Upon a Premie*, by Author, Jenné Johns. Stay tuned on social media for additional updates.

As we move ever forward, we will continue to be of service to you in a hope-filled new year.

VINCENT C. SMITH, MD MPH

DIVISION CHIEF OF NEWBORN MEDICINE AT BOSTON MEDICAL CENTER

“Babies are awesome! Let's do what we can to support them!”

- Vincent Smith

Dr. Smith has been working with babies since he was a resident in the late 1990's and realized that babies are pretty amazing and decided to do his fellowship in neonatal-perinatal medicine in the early 2000's and has been practicing neonatology since 2003.

“Babies are the most amazing thing ever! Being a neonatologist means that we get to spend a lot of time with families during a very important time of their lives. It is an honor to be able to serve and work with families during this very precious time,” shares Dr. Smith.

HAND-TO-HOLD

OUTREACH: TEXAS, USA

Hand to Hold helps families before, during and after a NICU stay or in the event of infant loss.

Kelli Kelley founded Hand to Hold in 2010 after her son, Jackson, was born in August of 2000, weighing just a pound and a half at 24 weeks. Her daughter, Lauren, was born at 34 weeks and also required a NICU stay. Kelley suffered from psychosocial issues for years after her children's early births. “I don't ever want another NICU parent to feel alone like I felt,” she says.

PREEMIE SWAG

It's not just the cool design or perfect fit-our t-shirts help support our organization.

Each shirt is constructed with 100% fine jersey cotton.

QUESTION OF THE MONTH

Tell us your first thought when you saw your preemie for the first time?

@atmomalways: She's Alive!

@secretstaric: WOW! So precious. She was only 2 pounds, my precious miracle babygirl!

@nikjin1: That's my daughter, the fighter. Mummy is here.

@kenziepoohstory: Wow!! My li'l warrior!

@bree_bee_blessed: My tiny baby!

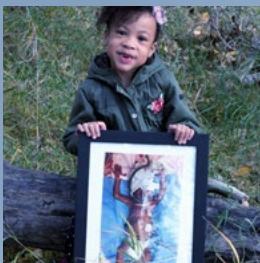

PREMIOWORLD TAGS

SOLIKHA MAYA

“ Meet Solikha Maya, a former 27-weeker, born weighing 1lb, 15oz and spent 98 days in the NICU.

Life after the NICU has been a rollercoaster ride. Early on, Solikha was labeled in the 1 percentile in intelligence with poor fine motor skills among other delays, but she has made tremendous strides, she talks in full sentences and impresses every day! She is full of life, love and curiosity, with a vivid imagination and tons of energy.”

Tag us on Instagram before the 15th of the month for a chance to be highlighted!

PREEMIE STORY OF THE MONTH

DONOVAN PABLO QUIROZ-QUINTERO

“The miracle we didn't know we needed, our little fighter mommy and daddy love you so much.”

- Karen Quintero

“On May 23rd, at 2:00am, was the day my water broke. I was 27 weeks and 4 days into my pregnancy,” recalls mom, Karen Quintero.

“As we were in the midst of the Covid-19 pandemic, I was not allowed to go into the ER with anyone else to see if I was in labor and to find out what was going on. Let me remind you, I am a first-time mom and never did I think I would be able to have a baby, so all this was unbelievable and when my water broke, I was completely clueless as to what was going to happen to us.”
